Tria™ Composite Doors –

Each series in the Tria Composite Doors line is, in essence, designed by you. Whether you prefer the carved look that is detailed, sharp profiles for a more contemporary feel, or actual raised mouldings, the result is the benefit of customization without the cost.

C Series
Carved Appearance

- Hundreds of patterns
- Seamless, solid surface
- Simulated raised panels
- 2 etched profile choices

L Series
Clean Lines

- Crisp, clean lines
- Square profiles
- True shadow lines
- Shaker panel design

R Series
Architectural Detail

- Dramatic contours
- 3 moulding options
- Real inlaid pieces
- Precision detailing
